TELIPOK: A UMS Community Programme held here recently was aimed at providing assistance to targeted groups who were in need of attention.

Chairman of UMS Board of Directors Datuk KY Mustafa said that through its community programmes, UMS students are able to focus on

schools that are in need.

"For today's community programme, UMS is working to help upgrade the building of Year Three classes at Sekolah Kebangsaan Tampulan and this is one of the measures to give assistance to dilapidated schools," he said.

He was speaking when officiating at the UMS Community programme at SK Tampulan here recently.

A total of 15 students who were members of UMS Kelab Penyayang were present at the event.

The community service which was kick-started in October 2018 also received assistance from the university's Department of Students and Alumni.

The ceremony saw more than 150 people in attendance including teachers of SK Tampulan, parents, and students.
